ALLEGION™

This form should be completed for new artwork or existing artwork that needs to be updated or changed. Please contact Inside Sales at customartwork@allegion.com if you have questions.

Credential artwork specifications

1 or 2 sided artwork   1 side   2 sided

Custom artwork prices vary. Please contact your Allegion sales representative for more information.

Attach credential artwork files adhering to requirements below:

- Vector file image(s) created in Adobe Illustrator with .ai, .eps, or .tif extensions are preferred. If vector files are not available, PhotoShop or PDF images are accepted but must be high resolution (300 dpi minimum)
- Color images should be converted from RGB to CMYK
- Artwork (including logos, graphic art and texts) should be converted to paths/outlines
- Design must fit within space allotted
- Design must fit within the ISO/IEC 7810 ID-1 format of 53.98mm X 85.60mm
- Any portion of the artwork that extends to the edge of the card is considered a bleed
- Please proofread before submitting. We are not responsible for spelling or grammar errors

Credential details

End user name

If multiple custom card artwork is needed, please submit a custom credential artwork form for each.

Branding colors

Provide the CMYK (Cyan, Magenta, Yellow, Black) values for each of your branded colors.

If you have standard Pantone colors you may provide the Pantone color number only. For non-standard or proprietary Pantone colors, provide BOTH the Pantone and CMYK.

C   M   Y   K   PANTONE©
